

Access Statement/Information

Introduction

Our home is set in a peaceful rural location and offer guest rooms and self catering accommodation. We occupy an elevated position at 535ft above sea- level. Access is via a single-track tarmac lane passing between farm buildings. Sections of the house are over one hundred years old and whilst we aim to meet the needs of all our guests there are some period features which might make access difficult for people with limited mobility. Some rooms are on the first floor with one on the ground floor, not suitable for wheelchair users at present.

Pre-Arrival

We are the last property located on a single-track un-lit lane approximately 250m from Downton Cross on the main road into Dittisham. Our location is very peaceful and relatively remote so is not ideally suited to those travelling without a car.

Beyond Downton Lodge the lane becomes a footpath/bridleway. Apart from occasional farm vehicles the only "traffic" passing our house consists of walkers and horse-riders, farm animals, and farm vehicles servicing the farm land.

There is a well-stocked village shop and two Pubs in Dittisham (approx 1.2 miles). A 10 minute drive will take you to the historic port of Dartmouth with an extensive range of shops, banks, restaurants, cafes and pubs. There is no regular bus service.

The nearest railway station is Totnes which is approximately 20 minutes drive by car.

There are several local taxi companies; we can make bookings in advance for you if required. The cost of a single taxi journey between Downton Lodge and Dartmouth is around £20.

We have One Hungarian Vizsla dog called Hari and Two English Toy Terriers (Black and Tans) called Otto and Tapu –They are excluded from the kitchen and dining room whilst food is being prepared and served. Under no circumstances are they allowed into guest bedrooms. In the interests of all guests we regret that we're not able to accommodate guests' pets in our first floor rooms but we do have a dedicated pet friendly room on the ground floor. The self catering accommodation is also pet friendly

Menus and other printed information can be provided in large print if required. We regret we do not have the facilities to prepare documents in Braille. Our website at www.downtonlodge.co.uk, facebook and Tripadvisor provide pictures of our accommodation and further information about the services we provide.

You can contact us by telephone, email or text. Please see the "Contact Information" section of this document for full details.

Any earlier arrival times may, however, be possible by prior arrangement.

Parking is on a level tarmac drive in front of the main entrance door. There is a wooden gate between the driveway and the lane which we ask guests to keep shut when not in use to deter the occasional stray farm animal from entering the parking area and/or garden!

Please try not to obstruct the entrance way leading to our "Barn" as 24hr access is required.

The Gate entrance is lit at night time.

The Self Catering Barn has its own gated entrance and driveway on to the lane

Special Information for Pet Owners

We want you to be able to relax and enjoy your stay whilst you are with us, we are really happy to share this beautiful setting with you which includes some of the garden areas. So that we can have a safe space for everyone, we just ask a few simple requests:

Please do not leave your dog unattended in the room/apartment at any time and please can you keep them on a lead in the driveway and picnic garden area, there are many lovely walks (short or long) that we can talk you through or you can use the local footpath maps. Dogs are Not allowed in the Breakfast room or in the main garden.

You can Exercise your dog on the lane and public footpaths in the area, BUT be mindful of sheep and other animals in the fields around here. To find the nearest footpath approx (100 metres) go out of the entrance gate and turn left, go past the house gate and the double gates at the rear of Downton Lodge, further along you will see a public footpath sign on the right side pointing into the field on the left of the lane, alternatively carry on down the lane to the field at the end and you will find the lane carries on to the right, please use these areas for exercise but be mindful of other users.

Our Dogs; **Hari** (Hungarian Vizsla) is a little fearful of other dogs (you wouldn't think it) but he was a lockdown puppy, so its probably advisable that your dog watches him from afar. The two terriers are **Otto** and **Tapu**, Tapu is the very noisy one and Otto is the friendliest of the bunch but will join in if there is barking to be done!

Enjoy your stay!
